Column headers (rotated, left to right):
HUMAN COMPUTER INTERACTION, MAINTENANCE, METHODOLOGIES, RELIABILITY, PROGRAM COMPREHENSION, ARCHITECTURES, EMPIRICAL SOFTWARE, LANGUAGES, MODELS, REVERSE ENGINEERING, METRICS, SOFTWARE QUALITY, EVOLUTION, INFORMATION SYSTEMS, DISTRIBUTED SYSTEMS, KNOWLEDGE ENGINEERING, FORMAL METHODS, VISUALIZATION, PROGRAM ANALYSIS, TESTING, EDUCATION, REQUIREMENTS, REAL TIME SYSTEMS, ADAPTIVE SYSTEMS, OPERATING SYSTEMS, ARTIFICIAL INTELLIGENCE, DATABASE, EMBEDDED, SERVICES, SYNTHESIS, PRODUCT LINES, PERFORMANCE, ALGORITHM, CONCURRENCY, SECURITY, AUTONOMIC SYSTEMS

Row labels (top to bottom):
A Systematic Review of Theory...
Power laws in software.
Can developer-module networks...
Precise Specification and...
Overcoming the NAH Syndrome...
Testing the Completeness of...
DSD-Crasher: A hybrid analysis...
Efficient unit test case...
Juzi: a tool for repairing...
Verifying cross-cutting...
Avoiding coincidental...
Weaving Context Sensitivity...
Software Process Description...
Testing context-aware...
Specification of...
Parallel changes in...
Automatic Identification of...
Portfolio management of...
Relevancy based semantic...
Estimeetings: Development...
Equivalence analysis and its...
An Architectural Style for...
System architecture: the...
Dynamic Accommodation of...
Allocating Programs Containing...
Access Control in Parallel...
Corrigenda: a hierarchy-aware...
A Formal Framework for...
The universe model: an...
Adapting Applications on the...
Effective typestate...
Accurate Centralization for...
Introducing Formal...
Interpolation for data...
Modular Verification of Data...
Parametric Graph Drawing.
Verifying security protocols...
Using communicative acts in...
Role Migration and Advancement...
Integrating Status and Event...
Higher Order Software - A...
The Larch/Smalltalk Interface...
A threat-driven approach to...
Automating bug report...
Supporting aggregation in fine...
A Message-Based Approach to...
Assessing Process-Centered...
A parameterized interpreter...
Using Specialized Procedures...
An Illustration of Current...
